ENJOY OUR LIBRARY SERVICES

Welcome to the Adair County Public Library, where we are dedicated to providing a world of opportunities through reading and learning. Here are some of the exciting services and resources we offer to our community.

The Adair County Public Library is located at 1 Library Lane in Kirksville, Missouri. The library offers a vast collection of books spanning various genres, including fiction, non-fiction, large print, children's literature, genealogy resources, and more. We regularly update our collection to ensure there's always something new to explore.

Our digital resources give access to eBooks, audiobooks, movies and tv, magazines, and newspapers through digital platforms. Enjoy readings on the go with your smartphone or tablet, all free with your library membership. The library offers public access to computers with printing capabilities, faxing, and copying. Whether you need to work on projects, research, or simply browse the web, our computer facilities are available for your use.

Can't find a book in our collection? The Adair County Public Library staff is here to assist you with your needs. Utilize our interlibrary loan service through Missouri Evergreen, the library's online catalog that is shared with over seventy public library systems throughout Missouri. This means, what isn't on our shelves can be ordered with a quick click from a member library. Your materials travel across the state via a courier system and you will receive notifications by text, email, or phone call when your materials arrive.

Visit us at the Adair County Public Library to experience all that we have to offer and embark on a journey of discovery and imagination. Your library card unlocks a world of possibilities.

We look forward to seeing you soon! >>>-----> *Adair County Public Library Staff*
